TOWN WARRANT

STATE OF NEW HAMPSHIRE

L. S.

To the Inhabitants of the Town of Newington in the County of Rockingham in said State qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said town on Tuesday, the fourteenth day of March next at twelve of the clock noon. to act upon the following subjects:

1. To choose in the manner provided by law, a town clerk; one selectman to hold office for three years; assessors of taxes; overseers of the poor; a town treasurer; a collector of taxes; a superintendent of burying grounds; auditors; highway agent; a library trustee, to hold office for three years; a trustee of town trust funds to hold office for two years.

2. To choose measurers of wood; surveyors of lumber; fence viewers; a pound keeper; constables; police officers and all necessary town officers.

3. To hear the report of the budget committee, and to act thereon.

4. To see what sum of money the town will vote to raise and appropriate for all town expenditures for the year ensuing (as included in the budget.)

5. To see what disposition the town will vote to make of the town land and buildings.

6. To see if the town will vote to authorize the selectmen to administer, or to dispose of, any real estate acquired or to be acquired, by the town through tax collector's deeds.

7. To see if the town will vote to authorize the Selectmen to hire money on the credit of the town, in anticipation of taxes; and to fix the rate of interest.

8. To see if the town will vote to allow a discount of five per cent on 1944 property taxes paid on or before the second day of October 1944.

9. To see if the town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and to make an appropriation to cover the expense of such audit.

10. To see if the town will vote to install a fire escape on the Town Hall and appropriate money for the same.

11. To see if the town will raise $800.00 to buy fifty-eight (58) acres of land adjoining the town forest known as the Upper Pasture.

12. To bring in your votes for the election of Delegates-at-Large, Alternate Delegates-at-Large, District Delegates., Alternate District Delegates to the National Conventions of the Democratic and Republican parties, to be held for the purpose of nominating party candidates for President and Vice President of the United States.

13. To transact such other business as legally may come before the meeting.

Given under our hand and seal this twenty-sixth day of February in the year of our Lord nineteen hundred and forty-four.

MYLES S. WATSON,
IRA A. COLEMAN,
ALBERT E. HODGDON,

Selectmen of Newington.

Newington, March 14, 1944.

We hereby certify that on the twenty-sixth day of February last, we posted an attested copy of the within warrant at the place of meeting, within specified, and a like copy at The Meeting House, a public place, in said town.

MYLES S. WATSON,
IRA A. COLEMAN,
ALBERT E. HODGDON,

Selectmen of Newington.

LIBRARIAN'S REPORT

To the Trustees of Langdon Public Library:

Gifts:

A collection of books from the estate of the late Mrs. Lydia S. C. Lear, a former Librarian of Langdon Library.

A collection of books from Mrs. Addie H. Mitchell, Dover.

Another collection from Mrs. Maynard Rees.

Two volumes, Miss S. O. Hoyt.

One volume, Harry deRochemont, this book will be much appreciated by all Newington residents who are interested in the early history of our Town.

One volume, J. Manning Hoyt.

One volume, John Nelson.

One volume, Major Edward Bowes.

One volume, Hoover Library, Stanford University, Cal.

State Reports and Agricultural Year Books.

Federal Bulletin's and War Posters.

To all our interested friends of the Library we extend sincere thanks.

Respectfully submitted,

HATTIE M. GREENOUGH,

Librarian

REPORT OF SCHOOL BOARD

We herewith submit the annual report for the Newington School Board:

We feel our schools have had a very successful year. Our fall term opened with Miss Margaret Pickering as teacher for the first three grades.

Mrs. Marion Kenison resigned as teacher of grades four to six after being with us for ten years. We feel sure the parents and all were satisfied with her work and wish her success in her new school.

We were fortunate in securing Mrs. Ethel P. Cushing of Gilmanton Iron Works, a graduate of Plymouth Teachers College to take her place..

Miss Dorothy Rokes is still with us as teacher of Grades seven and eight. All three teachers are very loyal efficient teachers and are accomplishing all that should be expected of them.

Mrs. Eloise Sheehy, our school nurse, is always watchful of the health of our children, her influence and teaching are showing good results.

Our Supt. Roy W. Gillmore has rendered excellent service and has done much to improve and strengthen our school system.

Mrs. Mary Poore resigned as our music tecaher after serving us many years. Mrs. Louise Benoit of Hampton was engagde and is doing very efficient work.

John Hoyt resigned as janitor in the fall and Albert Comoa was secured to fill the vacancy.

The teachers and pupils have done excellent work in selling stamps and bonds, and are flying a Minute Man Flag. To date they have sold $1,340.95 worth in stamps and $551.10 in bonds.

The children of the Newington school made the highest record on march of dimes conducted exclusively by the scholars. Total collected $59.60.

Last summer, under the able supervision of Arthur Schurman, we had some playground equipment put up. We wish to take this opportunity to thank the townspeople and the Parent Teachers Association for their cooperation and help in installing all.

Again we urge the parents and townspeople to visit the schools more frequently; to familiarize themselves with the work, and encourage both pupils and teachers by their interest.

Respectfully submitted,

MARION R. SPINNEY,
J. MANNING HOYT,
EDITH E. KNOX.

HATTIE M. GREENOUGH,

Town Treasurer

I hereby certify that I have examined the foregoing accounts of Treasurer of the Newington School District and find them correct in all respects.

JAMES H. COLEMAN,

Auditor.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Newington:

I herewith present to you my fourteenth report as Superintendent of your school.

The current school year opened on September 8, 1943 with an initial enrollment of 70. The total enrollment as of December, 1943 is 76—thirty-one in the primary room, twenty-nine in the middle grades and sixteen in the two upper grades. There is no overcrowding of the upper grade room such as existed during the two previous years. With the solving of this problem, work is done more easily from an administrative standpoint. The excellent results accomplished during the previous year under adverse conditions prove earnest effort of teacher and pupils. The result of this year will be most satisfactory.

Newington is fortunate in retaining two of the teachers of previous years. The thoroughness of the work accomplished in the three lower grades is again assured us. Miss Pickering understands little children and, through this understanding, is laying firm foundations upon which the education of pupils is based. Particularly difficult is her task since children from other schools are frequently entering her grades. Pupils from other schools, and particularly from other states, present a problem, both in subject matter and social adjustment, which requires skill and patience and much additional work for the teacher. In most cases, special classes must be arranged for a considerable length of time.

After ten years of successful teaching in our school, Mrs Marion Kennison resigned to accept a position nearer her home. I am certain the parents were pleased with her

work and wish for her continued success in her new field. We were fortunate to receive the services of Mrs. Ethel P. Cushing who came to us from Plymouth Teachers' College. In the few months she has been with us, she has earned the confidence of pupils and parents alike. Her grades are doing work of a high caliber as is proven by the results of standard tests.

The school district of Newington is to be congratulated upon its management of finances. Proof of its soundness is the substantial amount of state aid earned each year. The aid received in December 1943 was $1,730.30. This is a noticeable help and represents a per pupil aid of $22.00 or nearly 25% of your elementary budget upon which the aid check is based.

As as result of the present war effort the schools of the United States are placing increasing emphasis upon physical health. The Physical Fitness programs recommended by the Army are now an integral part of school schedules. While most evident in the secondary schools, the junior high schools and junior high grades are becoming aware of the value of the suggested training. Newington is doing its part and doing it well. Miss Rokes has given extra time and extra effort to the physical training of our upper grade pupils.

The pupils of the town have done their part in the selling of war stamps and bonds as is shown by the following record. Bonds sold during the current school year from September 1, 1943 to January 1, 1944 had a purchase price of $294.85. Stamps sold during the same period amounted to $822.65. The figures on stamp purchases are especially pleasing since they reflect savings of small amounts probably by the pupils themselves. Newington school flies a minuteman flag. This means that at least 90% of the pupils are buying bonds or stamps.

Along with renewed emphasis upon physical training the Army asks increased attention to world geography. In the magazine "Education for Victory" Volume 2, No. 12, the statement is made "The teaching of world geography and the intelligent use fo the geographer's tools—the map and the globe is a real challenge to the schools. If a good job is done the prospective inductee will understand what the concept of the world as an organic unit means." It seems to us that all pupils should acquire this skill admittedly so valuable to future soldiers. The schools of today and tomorrow will devote more time to the study of its world neighbors. Democracy can well be taught through geography.

During the curent year special drill is being given in the four fundamentals of Arithmetic. Frequent testing of the pupils in addition, subtraction, multiplication and division together with simple fractions will give us an accurate picture of our pupils ability in the handling of this important work.

Mrs. Eloise Sheehy is again our school nurse. There is special need of her services during war time when many doctors have left civilian life to enter the armed forces. Her work is much appreciated by the parents and school people.

Mrs. Mary Poore, who served as music teacher in the schools of Newington for a number of years resigned at the end of the last school year. Mrs. Louise Benoit, a graduate of the New England Conservatory of Music has been engaged to carry on the work which Mrs. Poore did so well. I believe the results achieved will be satisfactory to citizens and pupils alike.

The Parent-Teacher Association is continuing its work. During times of stress it is most important that education

should not be neglected. An interested group of citizens organized to safeguard the welfare of its children is an invaluable asset to any town. Such a group is the P. T. A.

I wish to express my appreciation to you as a School Board for valued help given me in my duties as Superintendent of your school.

Respectfully submitted,

ROY W. GILLMORE,

January 3, 1944 Superintendent of Schools.

SCHOOL CENSUS, SEPTEMBER 1943

Number of children between 5-16 yrs. in public schools in district	72
Pupils attending High School outside of district, 5-16 yrs.	12
Pupils attending Elementary School outside of district, 5-16 yrs.	2
Number of children not attending any school	5
Total number of children 5-16 in the district	89

SUMMARY 1942-1943

Value of sites and buildings	$20,000.00
Value of equipment	1,500.00
Average salary of teachers	1,100.00
Visits by school board members	14
Visits by Superintendent	59
Visits by citizens	74
Total number of school days	170

NURSE'S REPORT

To the Superintendent of Schools and School Board of Newington:

Following are the health activities carried on in the Newington schools from January first, 1943 to January first 1944.

Most of the follow-up work and corrective work following the 1942 physical examinations were made during the winter and spring terms of 1943. Twenty-four children had complete dental care. Twelve children had part dental care. Two children had tonsillectomies performed. Four children had their eyes examined and received glasses. Three children had their eyes examined and glasses changed. All children are vaccinated. Two children had scarlet fever. I visited the school and examined all the children every day during the incubation period.

Twenty-five visits were made to the school.

Number of children examined in 1943—77.

Number of children found to have defective vision—5.

Number of children found to have defective teeth—47.

Number of children found to have defective tonsils—2.

Number of children found to have defective hearing—1.

Number of children weighed and measured—77.

Number of children found to be underweight—8.

I have found many serious dental defects. They are especially serious in the seventh and eighth grades. Many of the children do not brush their teeth and many do not have dental treatment unless they are suffering from tooth ache. I shall be glad to transport any of these children to their dentist if this is the reason for their not going.

I wish to take this opportunity to thank our Superintendent, Mr. Gillmore, School Board, teachers and parents for their cooperation and help.

Respectfully submitted,
ELOISE B. SHEEHY, R. N.

January 5th, 1944.

REPORT OF THE FOREST FIRE WARDEN

Crises like the present test the quality and sincerity of everyone's patriotism and citizenship. The times make such unavoidable demands for universal cooperation in the many lines of essential regular and emergency public endeavor that the response given may well be assumed to be the real measure of one's love of country and his appreciation of the opportunities it offers. Ranking high in the list of public endeavor is the protection of our forests from fire. It calls for full and generous cooperation by each of us. Fire statistics indicate that better than 98 per cent of all fires in New Hampshire are man-caused. If human carelessness could be eliminated from the problem, the number of fires would drop to a mere minimum of less than 2 per cent of present figures and fire costs and losses would reduce in proportion. While this goal will not be achieved because of the perversity of human nature, the record can be vastly improved through individual discipline, alertness and cooperation.

Discipline calls for personal restraint from following unrestricted natural impulses to do as one pleases with regard to fire; alertness in cautioning others against imprudent and illegal burning and in promptly reporting fires to the local forest fire warden; cooperation in complying with laws, rules, and regulations governing the kindling and care of fires, smoking, safety of mechanical units using fire in and near woodlands and assisting the local warden in extinguishing such fires as may occur.

The possibilities of disastrous and expensive woods fires are constantly becoming more real. The hurricane felled an estimated one and one-half billion board feet of standing timber, much of which was never cleaned up. To

this hazard has been and is being added extensive areas of slash from additional hundreds of millions cut to produce vitally needed wood for the war effort. With the stage so set, greater caution is increasingly necessary. It will pay substantial dividends in unburned forest areas and the saving of unnecessary fire expense.

The year 1943 was an extremely fortunate one because of favorable weather conditions. Many towns had no fires, some had minor fires while a few had expensive ones. he public controls the answer to the 1944 and future years' fire records. If the public is careful and cooperative the record will be good.

Your town warden is, perhaps, more perplexed and anxious during these war years than ever before because of increased forest fire hazards and diminishing supplies of available man-power. He looks directly to you to aid him. Will you? You can aid him most effectively by always securing the required permit before attempting to burn and by complying fully with permit requirements; by being patient when he advises of departmental restrictions on permit burning or that he deems it unsafe to burn; and by giving him the needed assistance in extinguishng fires when he needs your help. To do so is to meet one real test of citizenship.

1943 Fire Record	Newington
Number of Fires	2
Acreage Burned	6

No. Fire Permits Issued 19

Respectfully submitted,

GRANVILLE S. KNOX,

Fire Warden.

HOME FOOD PRODUCTION

Patriotism, prudence, and protection of health combine to urge that in 1944 every family produce and preserve for home consumption as much of the family's yearly food supply as possible. Home food production will assure our own food supply, will release more foods for the armed forces and lend-lease, will help meet the national goals, and will relieve transportation, labor and equipment shortages.

To help families with their plans for food production and preservation at home, the University of New Hampshire Extension Service lists the following free bulletins for your use:

Hotbeds and Coldframes	Ext. Circ. 214
The Home Vegetable Garden	Ext. Circ. 170
Vegetable Storage	Ext. Circ. 140
Tomatoes for Good Health	Ext. Circ. 220
Control of Insects and Diseases in the Home Garden	Ext. Circ. 253
Strawberry Culture	Ext. Circ. 211
Red Raspberry Culture	Ext. Circ. 103
Blackberries for New Hampshire	Ext. Circ. 104
Grape Growing in New Hampshire	Ext. Circ. 173
Improved Blueberries	Ext. Circ. 215
The Home Poultry Flock	Ext. Circ. 250
Home Canning Guide	Ext. Bull. 57
Appetizing Pickles and Relishes	Ext. Circ. 130
Canning of Fruits and Vegetables	Ext. Circ. 137
Canning of Meats	Ext. Circ. 175

List the titles of the bulletins which you would like on a penny post card and mail it to: Extension Service, Room 211, Thompson Hall, University of New Hampshire, Durham, New Hampshire.
